

Sasha Primak Ring Sizing Guide

Please read all instructions carefully to ensure that your measurements are accurate when printed:

- Step 1:** Before printing this page, confirm that your printer's scaling options are set to "None."
- Step 2:** Measure the bar on the right to ensure it is exactly 2 inches (50 mm) long.
- Step 3:** If the measurement is not accurate, check that you are printing the page at full size and reprint.

Option 1 Measure Finger with Paper Ring Sizer

- Step 1:** Cut out the ring sizer and cut a slit in the end of the sizer where indicated.
- Step 2:** Wrap the sizer around the finger with the numbers facing outward.
- Step 3:** Insert the pointed end of the sizer into the slit and pull around the finger until it fits snugly, but comfortably.
- Step 4:** Read the number that lines up at the slit for the ring size.

Option 2 Measure Current Ring

- Step 1:** Choose a ring that fits the intended finger.
 - Step 2:** Print the chart of ring size circles.
 - Step 3:** Place the ring on top of the circles, ensuring that the inside of the ring lines up with the outside of the circle. This measures the diameter of the ring.
- Tip:** If the ring falls between 2 sizes, order the larger size.
